August & September 2009

*Johan Greeff, Jarrod Moore & Tamzyn
Greeff on the Indian railways*

Brothers and Sisters-in-Christ,
Johan Greeff, Jarrod Moore and Tamzyn Greeff visited 6 Schools for Evangelists and many churches in the provinces of Andhra Pradesh and Orissa in India on behalf of Word to World Ministries. We had discussions with 6 other pastors concerning the possibility of opening new schools in the future. Again, we taught, preached, prayed and experienced many different cultural and Christian traditions. It was again a privilege to see the Kingdom of God advance with power, due to the outpouring of the Holy Spirit.

There were many positive responses to the preaching of the Gospel as well as testimonies of miracles, healing and deliverance. It is amazing to see how God uses students who have graduated from WTW Schools in ministry after their studies. Testimonies of this kind make all the time, finances and effort worthwhile. Most of the schools seem to be doing very well.

Hyderabad

This school has already taken in their third batch of students. Of the previous batch of 18 students who graduated recently, 9 have started their own churches.

Jarrod preached at the church on Sunday the 6th September for his birthday. We then taught extensively for 3 nights on the kingdom of darkness, love the Word, grace, the Great Commission, the spiritual man and more.

There is a very good possibility that we may open a new school in the near future in this area.

Guntur

Again we had many new experiences, visited and preached at many churches, taught at the school and again prayed for countless people.

Midnight preaching

Praying for new Convert

Johan had the experience of preaching at midnight at a prayer meeting. We had to go and comfort a family who had four days earlier lost the baby just before birth. The pain they were feeling is totally inexpressible, yet although they are very poor, they blessed us. This was one of the greatest acts of generosity we have ever seen and was extremely humbling.

This school is also already on their third batch of students and are doing very well.

Simhadripuram

Johan preached on the Sunday morning in extreme heat due to a regular power cut. Jarrod preached open air on top of a house, in the rain. On another night we got soaking wet after class. At this school, Tamzyn had her first opportunity to teach on the importance of children in Gods Kingdom.

Tamzyn teaching for the first time

It is obvious that the students at this school are on fire for God. Simhadripuram is a very small village and it is always a challenge to minister there.

Eluru

We taught for 2 nights on the fruit of faith, grace and the 3 dimensional man and the importance of the Great Commission.

Teaching on GRACE, & us in our Lungi's

Pastor Paulraj and his family have the gift of hospitality. They helped us with many practical things needed during our tour. This school also has their 3rd batch of students currently being trained as evangelists.

Third batch of students in Eluru

Visakhapatnam

Here we taught 2 full days in the school. After having being taught on the kingdom of darkness and specifically demonic oppression we saw many of the students and other church members delivered from demonisation, + - 14 in all. We received great testimonies of people being completely set free. PRAISE GOD!

Praying for deliverance

Tamzyn greeting & Johan preaching

We had the privilege of meeting with a lady who we prayed for a year ago and was healed completely from a heart condition. She confirmed that she is 100% healed and she is currently a student.

We were also treated like royalty the Sunday after church. The leader of the ruling party, I N C (Indian National Congress), treated us to lunch in a private suite in a 3 star hotel and gave us an A/C vehicle with a driver for the rest of the day. It was a very weird and humbling experience. However we are grateful and it is also a great contact for the future.

Balangir

Well, this is always a very different place. After teaching for one morning at the school in the heat, we decided to escape to our hotel room and have the classes there. Heavenly wisdom!

Jarrod & Johan teaching

This time, by the grace of God, there were no disturbances or dangerous situations like previous visits.

We met the 2nd batch of students as they started their year's training at the same time of our visit.

We had a special time of calling on God for the outpouring of His Spirit with power. During this time, one of the visitors, Jyoti, actually with tears repented of his sin in front of us all, and surrendered his life to Christ for the first time.

Thereafter, we had a birthday celebration for Jarrod and Tamzyn, and this was a good time of fellowship. Tamzyn also for the first time slaughtered our supper by cutting the chicken's neck.

Idolatry

It seems like the idolatry is getting worse by the day in India. We experienced the festival of ganesh (elephant god), for nine days plus many other forms of idolatry wherever we went. Please pray for the people of India as Satan obviously and seriously blinds them.

In conclusion

The teaching and preaching of this trip was exceptionally enjoyable and fruitful. It is such a privilege to be trusted with the message of the Gospel of Jesus Christ and also to see the power it has in changing people's lives. Sometimes you can actually see the immediate effect the Gospel and the power of the Word of God has in people's lives. It is amazing.

Romans 1:16 – *"I am not ashamed of the Gospel, because it is the power of God for the salvation of everyone who believes."*

It is obvious that God is doing a mighty work in the nation of India/Nepal in preparation for the harvest. He is going to expand this ministry and so we do pray continually for workers for the harvest. **Luke 10:2** – *"The harvest is plentiful, but the workers are few. Ask the Lord of the harvest, therefore, to send out workers into the harvest field."*

Please do continue to hold us up in prayer that the Kingdom of God may be established on earth as it is in heaven.

We trust God for His plans and purposes for the future of this ministry working itself out through our lives. We depend fully on God for time, finance and energy to stay faithful to this call. All glory be to His name forever.

**Thank you,
Johan Greeff.
